AND BOTANICAL GARDEN

## Shades of Green

Chlorophyll gives plants their green pigment, but the color of green we see can look very different.

**Instructions:** Observe plants in your yard or neighborhood and draw leaves of different shades of green. And, you don't have to print at home! Just use a piece of white paper and label them from lightest to darkest.

## Rainbow of Flowers Scavenger Hunt

DALLAS ARBORETUM  
AND BOTANICAL GARDEN

**Instructions:** Find and draw a flower in each color of the rainbow! Can't print at home? Don't worry, just make your own page and label the color of each.
