CORONAVIRUS STATEMENT 2020

We take public health matters very seriously and are following the direction of the Centers for Disease Control and Prevention and local and state health authorities.

Safety is our first priority, and we urge our staff, volunteers and visitors to follow CDC guidelines for disease prevention. With the situation evolving rapidly, U.S. health officials are urging the same personal hygiene practices that are standard for a typical flu season – frequent washing of hands, etc. The Dallas Arboretum encourages guests who are feeling sick or experiencing symptoms to stay home and avoid public places.

All questions related to COVID-19 are best directed to local health officials or the CDC.
